SUPER PRODUCER POOL

1st place Super Producer Pool: **Dwayne McCracken** from Hardisty, Alberta is the 1st place winner of the Bi-Tron Super Producer Bonus Pool! Congratulations Dwayne! Dwayne has lived and worked on a 4th generation ranch all his life. He has also done many other things while trying to make ends meet. Dwayne has been a truck

driver and an equipment operator for other farmers along with various other jobs along the way. Dwayne has a 130 cow calf operation and spends his days looking after them. He also goes to farmers markets and sells his home-grown beef products. While doing the above mentioned jobs Dwayne heard about Bi-Tron from a friend, Allan Bleiken, who

used to live close by and now lives in Osoyoos, BC. Dwayne became a Bi-Tron Distributor in May 2006 but only really started developing his Bi-Tron business after attending the Bi-Tron Leadership School in July. When asked how he feels about winning the Super Producer Bonus Pool Dwayne said: "I am happy to have won the Bonus Pool; it makes the opportunity that much more real and it was a good push to get more people to work with. But, I didn't do it on my own!

Dwayne McCracken

who helped by coming out and doing a meeting as well as three way calls." Dwayne's plan for the future is simple: keep finding people that want the opportunity to use and promote

I had lots of upline help, and wish to especially thank Tim and Jo-Anne Meissner

a great product and build an income stream that will help them with their current income or perhaps replace it. Dwayne also says: "I have

some great upline examples of how to build a team and hope to be able to do a good job at that as well. Any one can do this if a low tech cow puncher like me can!" Dwayne's hard work paid off and he continues to

develop his Bi-Tron business while sometimes working 17+ hour days on his ranch. He provided us with this interview late in the evening after a long day in the fields of his ranch.

2nd place Super Producer Pool: **Anne Best**

from Surrey, British Columbia is the 2nd place Super Producer Bonus Pool winner! Congratulations Anne! Anne is mother of five and grandmother to one, as well as a qualified mediator. A few years ago, Anne actively began a search for strong vehicles of integrity which could provide either value or

passive income. Anne says: "My reasoning stemmed from the understanding that greater abundance, including financial abundance, allows for a greater capability to provide for the needs and goals of both self and others. It was during this search that I became aware of Bi-Tron from a family friend, Chuck Brady. Initially, I passed on the Bi-Tron opportunity, yet when the recently established

Rewards Program became available, I was amazed by the powerful results experienced by many of the participating businesses. Since it is natural for me to share what I believe may be helpful, it was a natural extension that I share the information with others for whom the program may benefit." When asked about how she feels about winning a place in the Super Bonus Pool she said: "I can honestly

say that, while very much appreciated, this result is simply a pleasant by-product of providing the value I would have wanted people to be aware of anyway. It is also an indicator of the strength of what introduced participants also perceive in the program."

3rd place Super Producer Pool: **Jun & Feli Isiderio**

from Milipitas, CA are the 3rd place Super Producer Bonus Pool winners! Congratulations Jun & Feli Isiderio! Jun and Feli's achievement is even more impressive due to the fact that they became Bi-Tron Distributors

two weeks into the month of August and half way into the Super Producer Bonus Pool!

Jun and Feli are no strangers to network marketing and when they were looking for a new and exciting opportunity they found Bi-Tron. Following that they contacted Alex

Fraser, Bi-Tron Director, whom they knew from a previous network marketing company. The rest, as the saying goes, is history. Jun currently works with a high tech company in the Silicon Valley. He is also a pastor in a local church in the city of Sunnyvale, in Santa Clara County. "As far as networking is concerned," Jun says, "I was involved before in some networking opportunities, ... where we

had a degree of success. I can see a very bright financial future with the Bi-Tron opportunity. I hope to be able to do this full-time in two years. As for me, the way to success in network marketing is identifying leaders and signing them up in a one-on-one setting. However, sign up everyone, regardless of potential, for you will never know where it will lead to 'till later'."

Bi-Tron Director's Cruise

Bi-Tron Director's Cruise

Join other Bi-Tron Director's and Executives on one of Carnival's state of the art cruise ships in April 2007! Enjoy endless ocean views and have fun in the sun for a whole week! You'll be dazzled by Carnival's atmosphere and fantastic surroundings from the moment you step onboard. Your experience is guaranteed to be unbelievable! Spend the day enjoying many of the activities Carnival has onboard or spend the day exploring the ports of call

Carnival visits during your trip. The list of activities is endless and ranges from the "Hairy Chest Competition" to state-of-the-art golf instruction. And when you get hungry, and you will, you can enjoy some of the finest food and restaurants on the high seas. From the extravagant midnight buffets, to the 24-hour pizza, sushi bars and European-style cafés, you'll discover a myriad of palette pleasing favourites that even the most discriminating diner will enjoy. It's always a culinary event in the formal dining rooms. Carnival sets the table for a first-class dining experience, including: fresh lobster, an extensive wine list and attentive service. After dinner and a full day of fun with other Bi-

Tron Distributors you can experience the music, dancing, lights and costumes that make Carnival's stage show extravaganzas. Every effort has been made to ensure every night feels like opening night. Afterwards you're sure to find the perfect place to watch the game, smoke a cigar or sing along at the piano bar with friends both old and new. When you're ready, move on to one of the nightclubs and dance late into the night. And if that doesn't "tickle your fancy" you can catch a rising star as a wide variety of singers, comedians, bands and musicians perform nightly out on deck or in one of the many clubs and lounges. "So how can I have all this fun" you ask? In order to

qualify for the Director's Cruise you need to achieve the rank of Director in the Bi-Tron Compensation Plan. A Director needs six active (management centre activated and on autoship) personally sponsored Distributors (PS), and each personally sponsored distributor needs to have two active Distributors. The Director must be active as well and 5,000 TGBV is maintained with no more than 40% of BV coming from one leg for a period of one (1) month at least. It is easy! Many of our Distributor's are closer than they think! You can check your personally enrolled and downline stats online in your Back Office.

Earn Money Immediately!

Announcing Exciting New Bi-Tron Opportunity

Bi-Tron now gives you the opportunity to earn money immediately every time you personally enrol a new Bi-Tron Distributor. We now offer you a one-time Product Introduction Bonus of \$30-\$150 every time you help someone that you have personally enrolled generate, a minimum of 300 BV in

optional sales volume.* We recommend that you encourage your new Distributor to choose the optional package that best suits his/her goals and needs. These product purchases will assist your new Distributor in getting the fastest possible exposure to the Bi-Tron product line. While there is no product

purchase required to be a Distributor, a Distributor's business will probably grow and duplicate more quickly if he/she is a satisfied product user and has product on hand to share with others. The enrolling Distributor does not have to be active him/herself in order to receive the Product Introduction Bonus.

The Product Introduction Bonuses (PIBs) will be paid out as follows:

Combo Pack	
PIB: \$30	BV: 300
Upgrade to Founder	
PIB: \$90	BV: 900
Founders Pack	
PIB: \$150	BV: 1200

* The Product Introduction Bonus offer is only available if ordered within 60 days of the enrolment date. The Product Introduction Bonus will be paid as part of the weekly binary income .
